

WING 8.9.12 UV BLUE

Low Speed Optimized Silent Fan

 Nanoflux Bearing	 Water- & Dustproof	 Winglet Blade	 Start Voltage 5V
 Fan Speed Control	 Rubber Fan Mounts	 Silent Operation	 5 Years Warranty

Low Speed Optimized Silent Fan

The WING 8, 9 & 12 UV Blue are premium quality, UV reactive, ultra-quiet, water- & dustproof case fans for gaming enthusiasts.

This series features an unique bearing with patented design, winglet fans blades and low starting voltage. These state-of-the-art cooling fans are manufactured only by the highest quality materials. You can control the fan RPM speed according to your desire using the supplied voltage regulator. Fan mounts replace traditional screws and are made of high quality ultra-soft silicone which stop vibrations from the fan motor from travelling into your PC case.

NANOFLUX BEARING

Patented GELID's Nanoflux bearing incorporates a clever magnetic design, very high precision manufacturing, runs friction-free and operates noiseless.

Electromagnetic fields are exploited to keep solid parts from touching. The load is carried by a magnetic field. The nanotechnology composite ensures lowest abrasion and extreme durability (MTTF 100'000 hours). Compared to sleeve and ball bearing the high precision self-lubricated material of GELID's Nanoflux bearing eliminates oil leakage.

Additionally the impeller can be detached and thus the fan blades can be cleaned easily and is even dust- & water-proof.

SPECIFICATIONS

	WING 8 UV BLUE	WING 9 UV BLUE	WING 12 UV BLUE
Air Flow (CFM)	28.1	39.8	64.3
Bearing	Nanoflux Bearing	Nanoflux Bearing	Nanoflux Bearing
Cable Length (mm)	500	500	500
Connector	3 Pin Molex	3 Pin Molex	3 Pin Molex
Current (A)	0.10	0.18	0.22
Dimensions (mm)	80 x 80 x 25	92 x 92 x 25	120 x 120 x 25
Fan Speed (RPM)	2000	2000	1500
Noise Level (dBA)	21	22.5	25
Static Pressure (mmAq)	2.05	2.15	1.925
Voltage (V)	12	12	12
Warranty (years)	5	5	5
Weight (g)	68	75	120
INCLUDED	4 Fan Mounts Fan Speed Control	4 Fan Mounts Fan Speed Control	4 Fan Mounts Fan Speed Control
